Ayer's Cherry Pectoral

the most effective remedy for coughs and colds of every kind and in every stage.

One of the most annoying coughs is a throat cough, where you have that constant tickling in your throat. There is no other remedy so surely to be relied on.

There are many substitutes and imitations. Beware of them and of so-called "Genuine Cherry Pectoral." Be sure you get AYER'S Cherry Pectoral.

EYE EXAMINATION

In this day of defective eye-sight, no person, young or old, should wear a glass unless fitted by an expert—one thoroughly familiar with anatomy and diseases of the eye, laws of light and science of optics.

In addition he must depend upon no one method of examination—he must be familiar with all, and substantiate one by use of others.

Here you will find employed the best and most scientific methods and back of all, adequate knowledge of the eye and its needs.

ENTRUSTED BY THE TSAR WITH THE DEFENCE OF RUSSIA: THE GRAND DUKE NICHOLAS NICOLAIEVITCH.

The Grand Duke, who is the eldest son of the elder Grand Duke Nicholas Nicolaievitch, and is second cousin of the Tsar, was born at St. Petersburg in 1856. He is an Aide-de-camp General, Lieutenant-General, and Inspector-General of Cavalry, Chief of the Lithuanian Regiment of the Guard and of the 56th (Fitomir) Regiment of Infantry, Colonel of the 12th Austrian Dragoons, of the 10th Prussian Hussars (Magdeburg Regiment), and Chevalier of the Order of the Black Eagle. Some little time ago it was rumored that the Grand Duke was to be entrusted with the supreme command in the Far East.

LOOKED INTO OUR LABOR CONDITIONS

Victor S. Clark of the Department of Commerce and Labor, who has been visiting Hawaii on official business, returned yesterday on the Manchuria. The investigations of Mr. Clark have occupied two months and the outcome will be an official report of his observations to the department at Washington. Mr. Clark is of the opinion that no permanent solution of the labor problem in the islands would be found until there is a larger supply of resident labor. He said that a systematic effort to secure the settlement of homesteaders would probably meet with success and that he thought the Government as well as the labor organizations would look with approval upon an attempt to bring white laborers to Hawaii. Clark said that the whole nation is concerned in the problem of building up a community of high civic character and ability in the islands, and that he did not see how it could be done without a larger fixed population in the group. —Chronicle.

A LOT OF NEW THINGS

OLD HICKORY—Something new, odd, and dainty—decidedly artistic—in the way of porch and lawn furniture. Can be left out in all kinds of weather. It is a line of fashionable rustic furniture. It is made only of hickory, the strongest of American native woods, the bottoms and backs being plaited by hand and being of very strong inner hickory bark. For a den or lanai or even for your lawn there is nothing more odd than this.

NEW WEATHERED OAK SET—By the "Sonoma" we received a fine weathered oak dining-room set, consisting of a table, an odd buffet, a leaded glass china cabinet, two arm chairs, and eight regular dining chairs, these latter having green leather seats, which go well with the dark color of the oak.

We also received a very handsome golden quartered oak sideboard and a china cabinet—about as good as can be made in any furniture factory.

RUGS—New lot of all sizes of rugs, including fine Wilton's of all sizes.

WICKER CHAIRS And ROCKERS—A lot of cheap wicker work in the way of chairs and rockers is disposed of every year in Honolulu. Some of it lasts for a couple of months and some as long as a year, but the best on the market—that advertised in all the magazines—and the best of American make, made in American factories from the best Ceylon rattan, will last for years. We have a new lot of the American goods in chairs and rockers, of all patterns, shapes and sizes and at reasonable prices.
